

A new career in lawn order?

Gardeners, Cleaners, Maintenance Workers and Carers wanted.

Police HomeCare Services is a fast-growing organisation in the Aged and Disability Home Care sector. If you're handy, have a green thumb, want to make a clean start or to advance your career as a carer for NDIS or My Aged Care, we'd love to hear from you.

As these roles involve working with clients in their own homes, applicants must have an NDIS Worker check prior to commencement. We can organise the screening process for you, should your application be successful.
